Apart from these students about 30 more students had reported to the theatre with proper ID Cards but were denied entry due to show being house full. Apart from Roxy Cinema our students , accompanied by one faculty also went to Inox CR2, but could not get entry there either.

As a result , in order to not disappoint those students college facilitated screening of film Uri the Surgical Strike, by using a personal subscription of Zee5 of one of the faculty members. About 80 students watched this film in college.
